

Jr. K Age Exception Request Form

The Jr. K Class is designed for children who either will have just missed the school district age cut-off for Kindergarten (5 by September 1st), or who have a late Spring/Summer birthday and could use an extra year of preschool to gain maturity, social and/or academic readiness, or motor development in a more formal, Kindergarten-like setting.

In Jr. K, Group Times require a longer time of focused attention while Table Work is designed to encourage children to work and complete tasks independently, so children must have a bit more stamina and maturity than in our Kinder Prep 4's class.

Jr. K students must attend all 4 days (Mon, Tue, Wed, Fri). You may also choose to add Thursdays as an enrichment day (combo class of our Kinder-Prep 4's and Jr. K) with a stand-alone curriculum.

This Age Exception Request form will be reviewed by your child's current teacher and the Jr. K teacher so that together we can determine the best class fit for your child. The decision process will also include an in-class observation of your child and an informal assessment with the Jr. K teacher.

Child's Name: _____

Child's Date of Birth: _____

Child's Current Teacher: _____

Reason for Age Exception Request: (please use the back of this form if needed.)

Parent Signature: _____
